RECEPTION OF SACRAMENTS at MATER CHRISTI

Safeguarding Project Director, Andrea Musulin, refers to the three ingredients in the recipe for crime: motivation, knowledge and opportunity. The Safeguarding Program targets opportunity through Safeguarding Officers and through educational programs such as Protective Behaviours.

Protective Behaviours acknowledges children are vulnerable as they don't have the knowledge and skills to defend themselves. *"They lack knowledge on sexual issues (but it is not about) ... learning about sex, ... it is to ... (provide) a range of strategies to increase ... personal safety ... (while) not giving them sexual knowledge beyond their years."* It involves ... (so called) 'Baskets of Knowledge'. A child of six would have a full basket of knowledge about stealing but an empty basket about sex. *"If asked to steal a chocolate bar they could draw on their basket to "push back" against doing that, ... (but) if asked to take part in a sexual "game" they wouldn't have anything to draw on."* Protective Behaviours provides the "pushback" by teaching how *"it's not okay to play games with your private parts ... or to touch it ... or touch others' ... or to have it photographed"*.⁽¹⁾

To learn how parents can teach their children Protective Behaviours, refer to the Safeguarding page on the Parish website, the Parent handbook on "Protecting God's Children" or the workshops during **Child Protection Week**. Workshops include: "Protecting God's Children" and "Cyber Safety". **The Child Protection Breakfast** is on **Thursday 5 September at 7:30am at the Duxton Hotel** and don't forget **the Safeguarding Competition** for school children. The overall winner receives a \$500 gift voucher.

Entries due next Wednesday August 21. Entry forms are available in the Church Foyer or from the schools.
